Directors' Report

To,
The Members,

Your Directors have pleasure in presenting their 33rd Annual Report on the business and operations of the Company along with the Audited Accounts for the Financial Year ended March 31, 2019.

We draw attention to the financial results with related to COVID19 that has caused significant disruptions in the business operations of companies across India and has caused significant accounting and auditing challenges. One such challenge being inability for the Company to verify inventories physically since Government imposed restrictions during the lockdown on account of health, travel and safety concerns. The extent to which the COVID-19 pandemic will impact the Company's assets and future results will depend on the future developments, which are highly uncertain. Hence the impact of the pandemic may be different from that estimated as at the date of approval of these financial results.

INDEPENDENT AUDITOR'S REPORT

To
The Members,
Phoenix International Limited.

Opinion

We have audited the standalone financial statements of Phoenix International Limited ("The Company"), which comprise the Balance sheet as at 31st March, 2020. The Statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity, the Statement of Cash Flow for the year then ended, and notes to the financial statement including a summary of significant accounting policies and other explanatory information. (Hereinafter referred to as "the Standalone financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Financial Statements given the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes, in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statement in accordance with the Standards on Auditing (SAs) specified U/s 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the Independence requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial Statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significant in our audit of the standalone financial Statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

a) Accuracy of recognition, measurement, presentation and disclosure of revenue and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers" (new revenue accounting standard).

The application of the new revenue accounting standard involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, new revenue accounting standard contains disclosures which involves collation of information in respect of disaggregated revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.

Auditor's Response

Principal Audit Procedures

We assessed the Company's process to identify the impact of adoption of the new revenue accounting standard.

Our audit approach consisted testing of the design and operating effectiveness of internal control and substantive testing as follows:

- Evaluated the design of internal controls relating to implementation of the new revenue accounting standard and tested the operating effectiveness of such internal controls;
- Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, reperformance and inspection of evidence in respect of operation of these controls.
- Selected a sample of continuing and new contracts and performed the following procedures:
 - Read the agreements with the customers to identify the distinct performance obligations, the transaction price and its allocation to the performance obligation in the contract, and the classification of the contract for the basis of revenue recognition in accordance with Ind AS 115..
 - Compare these performance obligations with that identified and recorded by the Company.
 - Considered the terms of the Contracts to determine the transaction price including any variable consideration to verify the transaction price used to compute revenue and to test the basis of estimation of the variable consideration.
 - Samples in respect of revenue recorded for time and material contracts were tested using a combination of approved time sheets including customer acceptances, subsequent invoicing and historical trend of collections and disputes.
 - Sample of revenue disaggregated by type and services offering was tested with the performance obligation specified in the underlying contracts.
 - Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings.

b) Recognition, measurement, presentation and disclosures of revenue arising from lease arrangement has been recognized as per Ind AS 116

As prescribed in Note 37 to the Standalone financial Statements, Company has adopted Ind-As 116 "Leases" in the Current year. The application and transition to this accounting standard is complex and is an area of focus in our audit.

PHOENIX INTERNATIONAL LIMITED

Ind AS 116 introduces as a new lease accounting model, wherein lessees are required to recognize a right-of-use (ROU) asset and a lease liability arising from a lease on the balance sheet. The lease liabilities are initially measured by discounting future lease payment during the lease term as per the contract / arrangement. Adoption of the standard involves significant judgments and estimates including, determination of discount rate and the lease term. Refer Note 37 to the standalone financial statement.

Auditor's Response

Principal Audit Procedures

-Assessed the Company's evaluation on the identification of lease based on the contractual agreements and our knowledge of the business;

Upon transition as at 1st April, 2019:

- Verified the accuracy of recognition of leasing/rental income in the books in accounts.
- Verified the depreciation policy for depreciable leased assets. It is in consistence with the lessor's normal depreciation policy for similar assets, and depreciation has been calculated in accordance with Ind AS 16 and Ind As 38.

2. Evaluation of tax positions

The company has uncertain tax positions matter under dispute which involves significant judgment to determine the possible outcome of These disputes.

Refer notes to accounts no. 33 of the Standalone Financial Statements

Auditor's Response

Principal Audit Procedures

Obtained details of completed tax assessments and demands for the year ended March 31, 2020 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provisions and possible outcome of disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions.

Other Information

The company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management discussion and analysis, Board's report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not included the standalone financial Statements and our Auditor's report thereon.

Our opinion on the standalone financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and , in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be martially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management's and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified u/s 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgment and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risk and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

PHOENIX INTERNATIONAL LIMITED

- Concluded on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in your auditor's report to the related disclosure in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structures and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieve fair presentation.

Materiality is the magnitude of misstatement in the standalone financial statement that, individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materially and qualitative factors in (i) Planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b. In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books and proper returns adequate for the purpose of our audit have been received from the branches not visited by us.
 - c. The Balance sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of changes in Equity and the Cash Flow statement dealt with by this report are in agreement with the Books of Accounts.
 - d. In our opinion, the Aforesaid standalone financial statements comply with the Accounting Standards specified u/s 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the Basis of the written representations received from the Directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in 'Annexure – A'
 - g. With respect to the other matter to be included in the Auditors report in accordance with the requirement of Section 197(16) of the Act, as amended:

In our opinion and to best of our information and according to the explanation given to us, the remuneration paid by the company to its directors during the year in accordance with the provisions of Section 197 of the Act.

- (i) The Company has disclosed the impact of pending litigation on its financial position in its financial statement to the financial statements.
- (ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any on long-term contracts including derivative contracts – to the financial Statements.
- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor education and Protection Fund by the Company.

2. As required by the Company (Auditor's report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we given in "Annexure B" a statement on the matter specified in paragraph 3 and 4 of the Order.

ANNEXURE – A TO THE AUDITORS REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Phoenix International Limited (“the Company”) as of 31st March 2020 in conjunction with our audit of the standalone Ind AS financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in Guidance Note of Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”) effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal Financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance note on Audit of Internal Financial Controls over Financial reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the companies Act, 2013, to the extent applicable to an Audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and Guideline notes require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls systems over financial reporting and their operating effectiveness. Our audit of internal financial control over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of internal financial controls systems over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment including the assessment of the risk of material misstatements of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is process designed to provide reasonable assurance regarding reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in Guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountant of India.

PHOENIX INTERNATIONAL LIMITED

Notes to Financial Statements

1. CORPORATE AND GENERAL INFORMATION

Phoenix International Limited ("the Company") is a Public Company domiciled and incorporated in India and its share are publicly traded on the Bombay Stock Exchange (BSE) in India. The registered office of Company is situated at 3rd Floor, Gopala Tower, 25 Rajendra Place, New Delhi 110008, India.

The Company is in the business of leasing out building and is a manufacturer and supplier of Shoe uppers in Chennai, India.

These Financial statements were approved and adopted by Board of Directors of the Company in their Meeting dated 31.07.2020

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation of Financial Statement

The Financial Statement are prepared in accordance with India Accounting Standard (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments where are measured at fair values, the provisions of the Companies Act, 2013 ('Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Effective from April 1, 2017, the Company has adopted all the Ind AS and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards with transition date April 1, 2016. The transition was carried out from Indian Accounting principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP.

The Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standards requires a change in the accounting policy hitherto in use.

(b) Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statement and reported amounts of revenue and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Change in estimates is reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

(c) Revenue Recognition

The Company recognizes revenue when the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transactions will flow to the entity.

(i) Sale of Goods

Revenue from the sale of goods is recognized, when all significant risks and rewards are transferred to the buyer, as per the terms of the contracts and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. It also includes excise duty and excludes value added tax/ sales tax. It is measured at fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

(ii) Lease Income

Lease income from operating leases shall be recognized in income on a straight line basis over the lease term.

(iii) Interest Income

Interest income is recognized using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial Instrument or a shorter period, where appropriate, to the gross carrying amount of financial asset. When Calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instruments but does not consider the expected credit losses.

(iv) Investment Income

All equity investments in scope of Ind AS 109 are measured at fair value. For equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company make such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If company decided to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

(d) Employees Benefits

(i) Short Term Employee Benefits

Short Term Employee Benefits are recognized as an expenses on an undiscounted basis in the statement of profit and loss of the year in which the related services is rendered.

(ii) Post-Employment Benefits

Defined contribution Plans

Retirement benefits in the form of provident fund are defined contribution scheme. The company has no obligation, other than the contributions payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related services.

Defined Benefit Plans

The Company provides for gratuity, a defined benefit retirement plan ("the Gratuity Plan") covering eligible employees of the Company. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method.

The company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Re-measurement comprising of actuarial gains and losses, the effect of asset ceiling (excluding amount included in net interest on the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognized in Other Comprehensive income which are not reclassified to profit and loss in subsequent periods.

(e) Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The Companies depreciates property, plant and equipment over their estimated useful lives using the Written down value method for assets situated at Head office and Chennai Branch & Straight line method for others. The estimated useful lives of assets as prescribed under Part C of Schedule II of the companies Act, 2013 are as follows:

Building	: 60 years
Plant and Machinery	: 15 years
Office Equipment	: 5 – 10 years
Computer Equipment	: 3 years
Furniture and Fixtures	: 10 years
Vehicles	: 8 years

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the costs of assets not put to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when its probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in net profit in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

(f) Inventories

Inventories of raw materials, stores and spares, trading goods, work-in-progress and finished goods are valued at cost or net realizable value, whichever is lower. However material and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The cost in respect of the aforesaid items of inventory is computed as under:

- In case of raw materials, at average cost plus direct expenses.
- In case of stores & Spares, at average cost plus direct expenses.
- In case of work-in-progress, at raw material cost plus conversion cost depending upon the stage of completion.
- In case of finished goods, at raw material cost plus conversion cost, packing cost, excise duty and other overheads incurred to bring the goods to their present conditions and location.

(g) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of the assets. Other borrowing costs are recognized as an expenses in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds, Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(h) Earnings per Share

Basic earnings per equity shares are computed by dividing the net profit attributable to the equity shareholders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity shares is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity shares and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The weighted average number of ordinary shares outstanding during the period is the number of ordinary shares outstanding at the beginning of the period, adjusted by the number of ordinary shares bought back or issued during the period multiplied by a time-weighting factor. The time-weighting factor is the number of days that the shares are outstanding as a proportion of the total number of days in the period; reasonable approximation of the weighted average is adequate in many circumstances.

(i) Income Tax

Income tax expenses comprise current and deferred income tax. Income tax expenses is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred income tax asset and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be

recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income and expenses in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which are deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earning of the subsidiary or branch will not be distributed in the foreseeable future. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amount and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provisions for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year. Tax benefits of deductions earned on exercise of employee share options in excess of compensation charged to income are credited to share premium.

(j) Foreign Currency Transactions

(i) Functional and Presentation currency

The functional currency of the company is Indian rupee. These financial statements are presented in India Rupee (rounded off to lacs)

(ii) Transaction and balances

The foreign currency transactions are recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

The foreign currency monetary items are translated using the closing rate at the end of each reporting period. Non-monetary item that are measured in terms of historical cost in a foreign currency shall be translated using the exchange rate at the rates different from those at which they were translated on initial recognition during the period or in previous financial statements shall be recognized in profit or loss in the period in which they arise.

Foreign exchange difference regarded as an adjustment to borrowing costs are presented in the statements of profits and loss within finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.

(k) Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease under which the risks and rewards incidental to ownership are not transferred to lessee is classified as operating lease. Lease payments under operating leases are recognized as an expenses on a straight line basis in net profit in the statement of profit and loss over the lease term.

(l) Financial Instruments

(a) Non- derivative financial instruments

(i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and the contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial Assets at fair value through other profit and loss

A financial asset which is not classified in any of the above categories is subsequently measured at fair value through profit and loss.

(iv) Financial liabilities

The financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(b) Equity Share capital

(i) Equity Share

Equity Shares issued by the Company are classified as equity. Incremental cost directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

(ii) Derecognition of financial Instruments

A financial assets is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expired.

(iii) Fair value measurement of financial instruments

The fair value of financial instruments is determined using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Based on the three level fair value hierarchies, the methods used to determine the fair value of financial assets and liabilities include quoted marked price, discounted cash flow analysis and valuation certificate by external valuer.

In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

(m) Impairment of Assets

a. Financial Assets

The company recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivable with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month ECL. Unless there has been a significant increase in credit risk for initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized as an impairment gain or loss in statement of profit or loss.

b. Non –financial assets

Intangible assets and property, plant and equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flow that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimated used to determine the recoverable amount. The Carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

(n) Cash and Cash Equivalents

The Cash and cash equivalent in the balance sheet comprises cash at bank and on hand and short- term deposits with a maturity period of three months or less from the balance sheet date, which are subject to an insignificant risk of changes in value.

(o) Cash flow Statement

The Cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS) 7 “Statement of Cash flows” using the indirect method for operating activities.

(p) Provisions, Contingent liabilities, contingent assets and Commitments:

General

Provisions are recognized when the Company has a present obligation (legal or Constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimates can be made of the amount of the obligation. When the company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate sheet, but only when the reimbursement is virtually certain. The expenses relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate , the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liability is disclosed in the case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from past events, when no reliable estimate is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Commitment include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, Contingent Liabilities, Contingent assets and commitments are reviewed at each balance sheet date.

40. Financial Risk Management

The financial assets of the company include investments, loans, trade and other receivables, and cash and bank balances that derive directly from its operations.

The financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the company.

The company is mainly exposed to the following risks that arise from financial instruments:

- (i) Market risk
- (ii) Liquidity risk
- (iii) Credit risk

The Company's senior management oversees the management of these risks and that advises on financial risks and the appropriate financial risk governance framework for the Company.

(i) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise two types of risk: interest rate risk, foreign currency risk.

(a) Foreign currency risk

The company imports certain assets and material from outside India. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent years and may fluctuate substantially in the future. Consequently the company is exposed to foreign currency risk and the results of the company may be affected as the rupee appreciates/depreciates against foreign currencies. Foreign exchange risk arises from the future probable transactions and recognized assets and liabilities denominated in a currency other than company's functional currency.

The company measures the risk through a forecast of highly probable foreign currency cash flows and manages its foreign currency risk by hedging appropriately. The Company uses foreign exchange forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The Company's exposure to foreign currency risk was based on the following amounts as at the reporting dates:

Foreign currency sensitivity analysis

Any changes in the exchange rate of GBP and USD against INR is not expected to have significant impact on the Company's profit due to the less exposure of these currencies. Accordingly, a 10% appreciation/depreciation of the INR as indicated below, against the GBP and USD would have increased/reduced profit by the amounts shown below. This analysis is based on the foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variable remains constant:

(b) Interest Rate Risk

The company is also exposed to interest rate risk, changes in interest rate will affect future cash flows.

(ii) Liquidity Risk

The financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables. The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Ultimate responsibility of liquidity risk management rests with board of directors.

The company monitors its risk of shortage of funds to meet the financial liabilities using a liquidity planning tool. The company plans to maintain sufficient cash and marketable securities to meet the obligations as and when falls due.

The below is the detail of contractual maturities of the financial liabilities of the company at the end of each reporting period:

(INR in Lacs)

Particulars	Financial Year 2019-20	Financial Year 2018-19

More than 3 Years	-	-
Other Financial liabilities at EIR		
Within 1Year	-	-
More than 3 Years	-	-

(ii) Credit Risk

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the company. The company has a prudent and conservative process for managing its credit risk arising in the course of its business activities.

Write off Policy

The financials assets are written off in case there is no reasonable expectation of recovering from the financial asset.

41. Capital Management

The capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the company. The primary objective of the company's capital management is to maintain optimum capital structure to reduce cost of capital and to maximize the shareholder value.

The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants which otherwise would permit the banks to immediately call loans and borrowings. In order to maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's gearing ratio was as follows:

Particulars	(INR in Lacs)	
	Financial Year 2019-20	Financial Year 2018-19
Borrowing	8,659.05	9,125.66
Less: Cash and Bank Balance	5,544.96	4,926.22
Net Debt	3,114.09	4,199.44
Total Equity	33,558.44	33,024.24
Capital and Net Debt	36,672.53	37,223.68
Gearing Ratio	8.49	11.28

Further, there have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

There were no changes in the objectives, policies or processes for managing capital during the year ended 31 March 2020 and 31 March 2019.

- 42.** In accordance with the Ind AS-36 on Impairment of Assets, the Company has assessed as on the balance sheet date, whether there are any indications with regard to the impairment of any of the assets. Based on such assessment, it has been ascertained that no potential loss is present and therefore, formal estimate of recoverable amount has not been made. Accordingly no impairment loss has been provided in the books of account.
- 43.** The Company owes dues of Rs Nil (Previous Year Rs. Nil) towards Micro and Small Enterprises, which are outstanding for more than 45 days as at 31st March, 2020. This information as required to be disclosed under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the company.
- 44.** There are no material events after the reporting period having significant impact on financial statement.
- 45.** Previous Year figures have been regrouped/ reclassified wherever considered necessary.
- 46.** The Standalone Financial Statement has been approved by the Board of Directors as on 30th July, 2020

INDEPENDENT AUDITOR'S REPORT

To
The Members,
Phoenix International Limited.

Opinion

We have audited the Consolidated financial statements of Phoenix International Limited ("The Company"), which comprise the Balance sheet as at 31st March, 2020, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated statement of changes in equity, the Consolidated Statement of Cash Flow for the year then ended, and notes to the financial statement including a summary of significant accounting policies and other explanatory information. (Hereinafter referred to as "the consolidated financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements given the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the consolidated profit and total comprehensive income, changes, in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statement in accordance with the Standards on Auditing (SAs) specified U/s 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the Independence requirements that are relevant to our audit of the consolidated Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial Statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significant in our audit of the Consolidated financial Statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

a) Accuracy of recognition, measurement, presentation and disclosure of revenue and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers" (new revenue accounting standard).

The application of the new revenue accounting standard involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, new revenue accounting standard contains disclosures which involves collation of information in respect of disaggregated revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.

Auditor's Response

Principal Audit Procedures

We assessed the Company's process to identify the impact of adoption of the new revenue accounting standard.

Our audit approach consisted testing of the design and operating effectiveness of internal control and substantive testing as follows:

- Evaluated the design of internal controls relating to implementation of the new revenue accounting standard and tested the operating effectiveness of such internal controls;
- Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, reperformance and inspection of evidence in respect of operation of these controls.
- Selected a sample of continuing and new contracts and performed the following procedures:
 - Read the agreements with the customers to identify the distinct performance obligations, the transaction price and its allocation to the performance obligation in the contract, and the classification of the contract for the basis of revenue recognition in accordance with Ind AS 115..
 - Compare these performance obligations with that identified and recorded by the Company.
 - Considered the terms of the Contracts to determine the transaction price including any variable consideration to verify the transaction price used to compute revenue and to test the basis of estimation of the variable consideration.
 - Samples in respect of revenue recorded for time and material contracts were tested using a combination of approved time sheets including customer acceptances, subsequent invoicing and historical trend of collections and disputes.
 - Sample of revenue disaggregated by type and services offering was tested with the performance obligation specified in the underlying contracts.
 - Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings.

b) Recognition, measurement, presentation and disclosures of revenue arising from lease arrangement has been recognized as per Ind AS 116

As prescribed in Note 37 to the Standalone financial Statements, Company has adopted Ind-As 116 “Leases” in the Current year. The application and transition to this accounting standard is complex and is an area of focus in our audit.

Ind AS 116 introduces as a new lease accounting model, wherein lessees are required to recognize a right-of-use (ROU) asset and a lease liability arising from a lease on the balance sheet. The lease liabilities are initially measured by discounting future lease payment during the lease term as per the contract / arrangement. Adoption of the standard involves significant judgments and estimates including, determination of discount rate and the lease term. Refer Note 37 to the standalone financial statement.

Auditor’s Response

Principal Audit Procedures

-Assessed the Company’s evaluation on the identification of lease based on the contractual agreements and our knowledge of the business;

Upon transition as at 1st April, 2019:

- Verified the accuracy of recognition of leasing/rental income in the books in accounts.
- Verified the depreciation policy for depreciable leased assets. It is in consistence with the lessor’s normal depreciation policy for similar assets, and depreciation has been calculated in accordance with Ind AS 16 and Ind As 38.

1.. Evaluation of tax positions

The company has uncertain tax positions matter under dispute which involves significant judgment to determine the possible outcome of These disputes.

Refer notes to accounts no. 33 of the Standalone Financial Statements

Auditor’s Response

Principal Audit Procedures

Obtained details of completed tax assessments and demands for the year ended March 31, 2020 from management. We involved our internal experts to challenge the management’s underlying assumptions in estimating the tax provisions and possible outcome of disputes. Our internal experts also considered legal precedence and other rulings in evaluating management’s position on these uncertain tax positions.

Information Other than the Consolidated Financial Statements and Auditor’s Report Thereon

The company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management discussion and analysis, Board’s report including Annexure to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information, but does not include the standalone financial Statements and our Auditor’s report thereon.

Our opinion on the standalone financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management’s and Those Charged with Governance for the Consolidated Financial Statements

The Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified u/s 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgment and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company’s financial reporting process.

Auditor’s Responsibility for the Audit of the financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risk and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

PHOENIX INTERNATIONAL LIMITED

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Concluded on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in your auditor's report to the related disclosure in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structures and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieve fair presentation.

Materiality is the magnitude of misstatement in the standalone financial statement that, individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materially and qualitative factors in (i) Planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any unidentified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b. In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books and proper returns adequate for the purpose of our audit have been received from the branches not visited by us.
 - c. The Balance sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of changes in Equity and the Cash Flow statement dealt with by this report are in agreement with the Books of Accounts.
 - d. In our opinion, the Aforesaid standalone financial statements comply with the Accounting Standards specified u/s 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the Basis of the written representations received from the Directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in 'Annexure – A'

ANNEXURE – A TO THE AUDITORS REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Phoenix International Limited (“the Company”) as of 31st March 2020 in conjunction with our audit of the standalone Ind AS financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in Guidance Note of Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”) effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal Financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance note on Audit of Internal Financial Controls over Financial reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the companies Act, 2013, to the extent applicable to an Audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and Guideline notes require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls systems over financial reporting and their operating effectiveness. Our audit of internal financial control over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of internal financial controls systems over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment including the assessment of the risk of material misstatements of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is process designed to provide reasonable assurance regarding reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in Guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountant of India.

PHOENIX INTERNATIONAL LIMITED

Notes to Financial Statements

3. CORPORATE AND GENERAL INFORMATION

Phoenix International Limited ("the Company") is a Public Company domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange (BSE) in India. The registered office of Company is situated at 3rd Floor, Gopala Tower, 25 Rajendra Place, New Delhi 110008, India.

Along with its subsidiaries, Phoenix International Limited is in the business of leasing out building and is a manufacturer and supplier of Shoes and Shoe uppers in Chennai, India.

Phoenix International Limited together with its subsidiaries is herein after referred to as "the Group"

The Group's Consolidated Financial Statements were approved and adopted by board of directors of the Company in their Meetings dated on 31st July, 2020.

4. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation of Financial Statement

These Consolidated Financial Statement are prepared in accordance with India Accounting Standard (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments where are measured at fair values, the provisions of the Companies Act, 2013 ('Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The Group has adopted all the IndAS and adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards with transition date April 1, 2016. The transition was carried out from Indian Accounting principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

The Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(b) Basis of Consolidation

Phoenix international consolidates entities which it owns or controls. The consolidated financial statements comprise the financial statements of the Company, its subsidiaries. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that given the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases. The Financial statements of the Group Companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group.

(c) Use of Estimates and Judgments

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statement and reported amounts of revenue and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Change in estimates is reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

(d) Revenue Recognition

The Group recognizes revenue when the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transactions will flow to the entity.

(i) Sale of Goods

Revenue from the sale of goods is recognized, when all significant risks and rewards are transferred to the buyer, as per the terms of the contracts and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. It also includes excise duty and excludes value added tax/ sales tax. It is measured at fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

(ii) Lease Income

Lease income from operating leases shall be recognized in income on a straight line basis over the lease term.

(iii) Interest Income

Interest income is recognized using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial Instrument or a shorter period, where appropriate, to the gross carrying amount of financial asset. When calculating the effective interest rate, the

Group estimates the expected cash flows by considering all the contractual terms of the financial instruments but does not consider the expected credit losses.

(iv) Investment Income

All equity investments in scope of Ind AS 109 are measured at fair value. For equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group may make such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

(e) Employees Benefits

(iii) Short Term Employee Benefits

Short Term Employee Benefits are recognized as an expense on an undiscounted basis in the statement of profit and loss of the year in which the related services is rendered.

(iv) Post-Employment Benefits

Defined contribution Plans

Retirement benefits in the form of provident fund are defined contribution scheme. The Group has no obligation, other than the contributions payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related services.

Defined Benefit Plans

The Group provides for gratuity, a defined benefit retirement plan ("the Gratuity Plan") covering eligible employees of the Company. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Group.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method.

The Group recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Re-measurement comprising of actuarial gains and losses, the effect of asset ceiling (excluding amount included in net interest on the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognized in Other Comprehensive income which are not reclassified to profit and loss in subsequent periods.

(f) Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The Group depreciates property, plant and equipment over their estimated useful lives using the Written down value method for assets situated at Head office and Chennai Branch & Straight line method for others. The estimated useful lives of assets as prescribed under Part C of Schedule II of the companies Act, 2013 are as follows:

Building	: 60 years
Plant and Machinery	: 15 years
Office Equipment	: 5 – 10 years
Computer Equipment	: 3 years
Furniture and Fixtures	: 10 years
Vehicles	: 8 years

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the costs of assets not put to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when its probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in net profit in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

(g) Inventories

Inventories of raw materials, stores and spares, trading goods, work-in-progress and finished goods are valued at cost or net realizable value, whichever is lower. However material and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The cost in respect of the aforesaid items of inventory is computed as under:

- In case of raw materials, at average cost plus direct expenses.
- In case of stores & Spares, at average cost plus direct expenses.
- In case of work-in-progress, at raw material cost plus conversion cost depending upon the stage of completion.
- In case of finished goods, at raw material cost plus conversion cost, packing cost, excise duty and other overheads incurred to bring the goods to their present conditions and location.

(h) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of the assets. Other borrowing costs are recognized as an expenses in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds, Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(i) Earnings per Share

Basic earnings per equity shares are computed by dividing the net profit attributable to the equity shareholders of the Group by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity shares is computed by dividing the net profit attributable to the equity holders of the group by the weighted average number of equity shares considered for deriving basic earning per equity shares and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The weighted average number of ordinary shares outstanding during the period is the number of ordinary shares outstanding at the beginning of the period, adjusted by the number of ordinary shares bought back or issued during the period multiplied by a time-weighting factor. The time-weighting factor is the number of days that the shares are outstanding as a proportion of the total number of days in the period; reasonable approximation of the weighted average is adequate in many circumstances.

(j) Income Tax

Income tax expenses comprise current and deferred income tax. Income tax expenses is recognized in net profit in the Consolidated statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred income tax asset and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income and expenses in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that its probable that future taxable profit will be available against which are deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earning of the subsidiary or branch will not be distributed in the foreseeable future. The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amount and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provisions for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year. Tax benefits of deductions earned on exercise of employee share options in excess of compensation charged to income are credited to share premium.

(k) Foreign Currency Transactions

(i) Functional and Presentation currency

The functional currency of the company is Indian rupee. These financial statements are presented in India Rupee (rounded off to lacs)

(ii) Transaction and balances

The foreign currency transactions are recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

The foreign currency monetary items are translated using the closing rate at the end of each reporting period. Non-monetary item that are measured in terms of historical cost in a foreign currency shall be translated using the exchange rate at the rates different from those at which they were translated on initial recognition during

the period or in previous financial statements shall be recognized in profit or loss in the period in which they arise.

Foreign exchange difference regarded as an adjustment to borrowing costs are presented in the statements of profits and loss within finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.

(l) Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease under which the risks and rewards incidental to ownership are not transferred to lessee is classified as operating lease. Lease payments under operating leases are recognized as an expenses on a straight line basis in net profit in the statement of profit and loss over the lease term.

(m) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of any other entity.

i. Initial recognition and measurement

On initial recognition, all the financial assets and liabilities are recognized at its fair value plus or minus, in case of a financial assets or financial liability not at fair value through profit or loss, transaction cost that are directly attributable to the acquisition or issue of financial asset or financial liability except trade receivables which are recognized at transaction price.

ii. Subsequent measurement

(a) Non- derivative financial instruments

(i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset given rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and the contractual cash flows and selling financial assets and the contractual terms of the financial asset given rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial Assets at fair value through other profit and loss

A financial asset which is not classified in any of the above categories is subsequently measured at fair value through profit and loss.

(iv) Financial liabilities

The financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(c) Equity Share capital

(i) Equity Share

Equity Shares issued by the Group are classified as equity. Incremental cost directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

(ii) Derecognition of financial Instruments

A Financial assets is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expired.

(iii) Fair value measurement of financial instruments

The fair value of financial instruments is determined using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Based on the three level fair value hierarchies, the methods used to determine the fair value of financial assets and liabilities include quoted marked price, discounted cash flow analysis and valuation certificate by external valuer.

In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

(n) Impairment of Assets

a. Financial Assets

The Group recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivable with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month ECL. Unless there has been a significant increase in credit risk for initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized as an impairment gain or loss in statement of profit or loss.

b. Non –financial assets

Intangible assets and property, plant and equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flow that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimated used to determine the recoverable amount. The Carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

(o) Cash and Cash Equivalents

The Cash and cash equivalent in the balance sheet comprises cash at bank and on hand and short- term deposits with a maturity period of three months or less from the balance sheet date, which are subject to an insignificant risk of changes in value.

(p) Cash flow Statement

The Cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS) 7 “Statement of Cash flows” using the indirect method for operating activities.

(q) Provisions, Contingent liabilities, contingent assets and Commitments:

General

Provisions are recognized when the Group has a present obligation (legal or Constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimates can be made of the amount of the obligation. When the company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate sheet, but only when the reimbursement is virtually certain. The expenses relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liability is disclosed in the case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from past events, when no reliable estimate is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Commitment include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, Contingent Liabilities, Contingent assets and commitments are reviewed at each balance sheet date.

39. Financial Risk Management

The financial assets of the company include investments, loans, trade and other receivables, and cash and bank balances that derive directly from its operations.

The financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the company.

The company is mainly exposed to the following risks that arise from financial instruments:

- (i) Market risk
- (ii) Liquidity risk
- (iii) Credit risk

The Company's senior management oversees the management of these risks and that advises on financial risks and the appropriate financial risk governance framework for the Company.

(i) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise two types of risk: interest rate risk, foreign currency risk.

(c) Foreign currency risk

The company imports certain assets and material from outside India. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent years and may fluctuate substantially in the future. Consequently the company is exposed to foreign currency risk and the results of the company may be affected as the rupee appreciates/ depreciates against foreign currencies. Foreign exchange risk arises from the future probable transactions and recognized assets and liabilities denominated in a currency other than company's functional currency.

The company measures the risk through a forecast of highly probable foreign currency cash flows and manages its foreign currency risk by hedging appropriately. The Company uses foreign exchange forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The Company's exposure to foreign currency risk was based on the following amounts as at the reporting dates:

Foreign currency sensitivity analysis

Any changes in the exchange rate of GBP and USD against INR is not expected to have significant impact on the Company's profit due to the less exposure of these currencies. Accordingly, a 10% appreciation/depreciation of the INR as indicated below, against the GBP and USD would have increased/reduced profit by the amounts shown below. This analysis is based on the foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variable remains constant:

(d) Interest Rate Risk

The company is also exposed to interest rate risk, changes in interest rate will affect future cash flows.

Liquidity Risk

The financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables. The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Ultimate responsibility of liquidity risk management rests with board of directors.

The company monitors its risk of shortage of funds to meet the financial liabilities using a liquidity planning tool. The company plans to maintain sufficient cash and marketable securities to meet the obligations as and when falls due.

The below is the detail of contractual maturities of the financial liabilities of the company at the end of each reporting period:

(iii) Credit Risk

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the company. The company has a prudent and conservative process for managing its credit risk arising in the course of its business activities.

Write off Policy

The financials assets are written off in case there is no reasonable expectation of recovering from the financial asset.

40. Capital Management

The capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the company. The primary objective of the company's capital management is to maintain optimum capital structure to reduce cost of capital and to maximize the shareholder value.

The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants which otherwise would permit the banks to immediately call loans and borrowings. In order to maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's gearing ratio was as follows:

(INR in Lacs)

Particulars	Financial Year 2019-20	Financial Year 2018-19
Borrowing	8,689.05	9,155.66
